

Cosmetic Acupuncture Disclaimer Statement

Before you receive Cosmetic Acupuncture from your practitioner at Artesian Spring Oriental Medicine, make certain that you understand the following:

Although you will likely get results from Cosmetic Acupuncture, *results are not guaranteed*. No cosmetic procedure is guaranteed to give you the exact results that you think you want.

Anyone having a condition that adversely affects nervous, circulatory, endocrine, or integumentary systems may see lesser or no results. Patients who have chronic autoimmune disorders, excessively sun damaged skin, or who are heavy drinkers and/or smokers may need more than the standard 12 treatments in order to get optimal results. Results may not be as good compared to those who do not have these conditions.

It's not all about needling. Results depend partly on your own behaviors. You are expected to show up to all appointments. (2 treatments per week for 6 weeks.) You are expected to use a skin care regimen. You may be required to take herbal and/or nutritional supplements. You may be advised to eat certain foods. You may be instructed to practice specific exercises. Your commitment to following the instructions of your practitioner is key for optimal results.

Bruising, bleeding, and soreness around needle insertion sites are a possibility. You may be instructed to use a topical solution or supplements to help alleviate and heal bruising and soreness.

Use of a skin care regimen is a must for optimal results.

As a patient of Artesian Spring Oriental Medicine, I have read and fully understand the above. I hereby agree to have the highest integrity, hold myself accountable for my own health and beauty, and will explicitly adhere to the requirements of my Cosmetic Acupuncture practitioner.
